While our team members are trained on proper cleaning procedures and pride themselves in being careful, if anything were to get broken as the result of something one of our team members did while cleaning we want to step up to make it right.

That means as quickly as possible either repairing or replacing it and because all of our team members are insured, we would file a claim whenever necessary to help resolve the situation.

If you would like, we would be glad to send you a certificate showing our insurance is complete and up to date.

- Comprehensive general liability.
- Property damage.
- Workers compensation.

Service Level Agreements

City is committed to the use of service level agreements (SLA) not only to measure the performance of the contract, but also to seek continuous improvement through adopting new solutions and cleaning methods.

If a SLA is to prove effective, it must reflect the key requirements of the client. From our experience the focus should be placed on the following;

- Quality cleaning standards method statements, work schedules, checklists, etc.
- Client and management interactions scheduled meetings and service reviews etc.

- Compliance with specification.
- Personnel performance & appearance.
- Management meetings.
- Complaint investigation and resolution.
- Innovation.

The scoring system by which the contract is measured would be agreed upon by City and the client and the results would be reviewed by the contracts manager and the client on a regular basis. Any issues identified at the review would be acted upon immediately by way of the creation of an action plan. Sole ownership will be designated to an appropriate manager who will take responsibility for a swift resolution of the issue.
